

STATEMENT OF CANDIDATE FOR YUBA CITY CITY COUNCIL

SHON L. HARRIS

Occupation: Highway Patrol Commander

Age: 49

Education and Qualifications:

As a fourth-generation Yuba City resident, I am deeply vested in seeing our community thrive. I have raised three children in Yuba City, am a proud grandfather, and serve on the United Way Board of Directors and the Yuba City Planning Commission. I also belong to several local social clubs and volunteer regularly. I hold three college degrees including a Masters Degree in Criminal Justice Administration. I enjoy hiking, fishing, and photography.

I will bring over 32 years of practical, hands-on experience successfully managing public resources to the city council. As a manager with a state law enforcement agency, I understand the importance of developing and maintaining professional relationships both internally and externally. Quality professional relationships foster a team spirit within the council itself and allow us to leverage resources by working collaboratively with other local jurisdictions to solve shared problems. Moving forward, I see public safety, economic vitality, quality of life, and transparency as priorities. I believe our success depends on leaders being sincere, accessible, open-minded, and fair.

With the valuable trust and support represented by your vote, it will be my humble pleasure to serve you, your family, and our community as a Yuba City Councilman.
